Piramal Group

Functional DESIGN BEAUTY

Your brand details and major recognized projects in a particular field of your specialization.. Cormac Lynch is the Interior Architect/Advisor for Piramal Group, a US \$10 BN global business conglomerate. Cormac has played an integral role in designing the interiors across all Piramal Realty developments.

As a Creative Director and Senior Concept Designer, his extensive work portfolio includes projects such as 5 star hotels, lounge bars, restaurants, offices, banks, palaces and luxury residential projects. Some of his landmark projects include:

- Federal National Council, Abu Dhabi
- Various palaces and high-end residential projects across Middle East and North Africa
- Private estates in Europe
- YOTEL Hotel, Dubai
- Delano Hotel, Dubai, and many more

Views as an inspiring artist, the way you specialized in your niche.. Working on each project takes you on a different journey. And it has been an interesting journey till date. I have had the opportunity to work with world-renowned architects and interior designers from across geographies. To guide them, work and design space with them has been quite a learning and an enriching experience.

All the projects I have worked on have been quite interesting and different. And one of them is Piramal Aranya, the signature development of Piramal Realty, in Byculla. The experience centre encapsulates the beauty of the culturally rich neighborhood of Byculla and the essence of Piramal Aranya that epitomizes contemporary yet classic luxury lifestyle living. ■
